

Verbs - Present tense

A verb is the most important word in a sentence; without it, the sentence would not make sense. Verbs show an action, occurrence, or state of being (*exist*).

All sentences require both a verb and a subject (a noun or pronoun).

For example: A monkey climbed the tree.

Subject ↗ ↖ Verb

The present continuous verb tense indicates that an action or condition is happening now, frequently, and may continue into the future.

The Present Continuous Formula: to be [am, is, are] + verb [present participle]
